

The Mount Agamenticus Conservation Crew would like to thank you for your continued patronage to our mountain. This remarkable ecosystem is an integral part of the surrounding area. The mountain watershed is vital in sustaining both the people and the wildlife of the area.

The respect and consideration you show towards the mountain is appreciated. The landowner's goal is to balance recreation on this land that is sustainable by educating the public about different aspects of conservation.

Remember, you can help too! These brochures can be reused, when you reach the end of this self-guided tour, if you do not plan to keep this brochure, deposit it in the Interpretive Trail box for the next inquisitive visitor to use.

 Printed on Recycled Paper

The Interpretive Trail was made possible in part by the cooperating landowners:

York Water District  
Town of York  
Maine Department of inland Fisheries and Wildlife  
Town of South Berwick  
Great Works Regional Land Trust  
York Land Trust  
The Nature Conservancy

In addition, The Department of Conservation, The Maine Outdoor Heritage Fund, and The York Conservation Commission provided generous funds. This self-guided tour was researched and created by the 2003 and 2004 Mount Agamenticus Conservation Trail Crews.

All donations are welcomed. If you wish to contribute to this collaborative conservation effort, you can make donations at the Mount A. Summit Kiosk, or by mailing your gift to:

York Parks and Recreation Department  
c/o Mount A. Conservation  
186 York Street  
York, ME 03909

Welcome to the  
**Mount Agamenticus  
Interpretive Trail**

# MOUNT AGAMENTICUS

Along the Interpretive Trail, you will learn about the Mount A. area and its geology, wildlife, plants, human and natural history, and today's conservation efforts.

Simply follow the **Ring Trail** west around the mountain to **Witch Hazel Trail** to the **Summit**. Along the way, you will find that each Interpretive Trail sign has many interesting facts and information about the mountain.

It is amazing how many plants and animals make their homes here. Follow along and learn more about the complex diversity and history that is a part of the Agamenticus Conservation Region.

## Interpretive Stations

1. Welcome to Mount Agamenificus
2. Geology of Mount A.
